About our Catalogue

Our '**Equipment & Consumables Catalogue**' features the items most commonly requested by our wide client base and based on both our own, and our clients experience of the items needed to keep a waste management operation running smoothly.

If you use particular items on a regular basis but they are not featured in our catalogue, let us know and we will have these items researched, priced and added for your future order.

Likewise, if you have special 'corporate' requirements for colours, themes or particular waste streams, let us know your needs and we can work together to source them for you.

Our catalogue is divided into the following main sections;

- **BINS & WASTE MANAGEMENT**
- **CONSUMABLES**
- **EQUIPMENT**
- **HEALTH & SAFETY**
- **PERSONAL PROTECTIVE EQUIPMENT (PPE)**
- **WORKWEAR**

We look forward to working with you
